### What is the Walk and Bicycle Audit?

Join the SRTS team to identify barriers and challenges on walking and biking to and from your school. We will document your concerns and discuss possible solutions.

### Why are we doing this?

Our engineers and education team will incorporate your feedback into the design of street improvements and safety education programs. Examples of recommendations may include crosswalks, speed humps, traffic signal, and safety patrols.

### Who is invited?

All students and staff.
